Program Description

A unique approach to continuing medical education is used, as the private practitioner is able to interact with other practitioners, current residents, and faculty members of the Barry University School of Podiatric Medicine. The presentations will be interesting as well as educational.

Program Objectives

At the conclusion of each session the physician should be able to:

Practice Management- Tuesday, September 14, 2010*

1. Learn to build a stronger practice culture focused on patient centered care.
2. Develop a strategy for improving patient satisfaction and retention through effective provider and staff communications.
3. Prepare a plan to re-engineer the practice for patients to be provided more efficient and effective service on a timely basis.
4. Select a quality improvement program to implement in their practice.
5. Design a patient satisfaction survey.

Flatfoot Procedures- Thursday, October 14, 2010*

1. Identify flexible versus rigid flatfoot deformities.
2. Appreciate adult flatfoot deformities.
3. Understand the most common bone and tendon procedures.
4. Discuss new treatment options.

Florida Required License Renewal Course Saturday, October 23, 2010*

1. Define appropriate protocols and procedures applicable to HIV counseling, testing and reporting as defined by the Florida State Legislature.
2. Recognize and apply proper charting and other techniques to minimize risk in practice.
3. Understand and demonstrate compliance with the current Florida laws and rules.
4. Understand the new Florida requirement covering medical errors.

Imaging- Thursday, November 11, 2010*

1. Explain the difference between Color Doppler and Power Doppler Imaging.
2. Describe how "color flow" applies to vascular imaging.

Wound Healing- Thursday, December 9, 2010*

1. Identify the appropriate application for bioengineered alternative tissues.
2. Properly clinically assess the chronic wound environment.
3. Identify the risk factors for limb loss.

* Please note that these objectives are subject to change.
