WELCOME FROM THE DEAN

Dear Entering MSW Student:

Welcome to Barry University School of Social Work. We are delighted that you have selected Barry for your graduate education. We take great pride in our School and, this year, we celebrate our 50 year anniversary of excellence in social work education.

Over the years, we have kept pace with the demands of our profession and the dynamic social, political, and economic conditions that impact the most vulnerable of our global society. Most recently, we made the paradigm shift from the most traditional social work curriculum to a trauma-informed prospectus, providing you with the most advanced and contemporary knowledge in social work education. We want to make sure you have an engaging experience with us as you grow and learn in an environment that is student-centered and focused on your professional development. We want you to be one of the more than 5,000 graduates who are using their knowledge and skills to build a better society.

Knowing the fundamental principles of the school, the expectations, policies and procedures that guide the activities of the school, is a critical building block. This Student Handbook has been designed to ensure you have the information you need to navigate within the school and university and be successful in your efforts. Please take the time to review this material carefully. If you have questions or require additional information please visit our Office of Student Services in Powers Hall Room 126 for information, guidance and any support you may need.

Your engagement in school governance, our Center for Human Rights and Social Justice, and your participation in activities that extend your leadership skills, research knowledge, and enrich your passion are welcomed. We wish you much success. We are here to celebrate you becoming a voice of change.

Respectfully,

Phyllis F. Scott, PhD.
Dean
GUIDING PRINCIPLES

The policies and procedures and administrative determinations contained in the Barry University School of Social Work Student Handbook are rooted in the belief that we have a responsibility to graduate students that demonstrate and emulate professional conduct, professional ethics, and practice competency.

These guiding principles are the infrastructure that frame expectations mandated of our students throughout their tenure at the School of Social Work. From the application process to graduation, these guiding principles are the barometer by which implicit and explicit curriculum is demonstrated.

The elements of the guiding principles are framed within the Core Performance Standards and they are:

**Professional Ethics**
Individual judgment and conduct is consistent with established laws and the values and ethics of the social work profession as set forth in the NASW Code of Ethics

**Critical thinking**
Individual reasoning reflects a comprehensive analysis that distinguishes fact from inference; an individual’s conclusions and assigned meanings are grounded in relevant data, information and evidence.

**Task management**
Effective task/time management strategies guide all professional and academic responsibilities and activities.

**Self-awareness**
A commitment to the process of self-reflection and self-critique assuming full responsibility to protect peers, colleagues, research participants, clients and others from the adverse consequences of personal performance problems and behaviors.

**Professional relationships**
All professional interactions reflect respect, integrity, honesty, cooperation and collaboration as well as a clear understanding of professional role, authority and appropriate boundaries.

**Communication**
All verbal, non-verbal and written exchange of information between self, clients, faculty, university personnel, and colleagues are in accordance with established laws and professional standards.

BRIEF HISTORY OF BARRY UNIVERSITY

SCHOOL OF SOCIAL WORK

The socio-cultural revolution of the 1960s created a shift in beliefs and values which impacted local and global infrastructures on a multi-dimensional level. Barry University’s founders, the Adrian Dominican Sisters, challenged these exploitative and dehumanizing practices by confronting systems that denied basic human rights. The injustices suffered by many vulnerable and marginalized populations could no longer be denied; the need for individuals who would strive to promote social justice and bio-psycho-social-spiritual-political change was necessary.

Thus, twenty years after the founding of Barry University, the local community upheaval and social unrest in the mid-1960s prompted Barry University to consider ways it might advance social justice and individual well-being through professionally trained social workers. In 1966, Barry University established the first graduate social work program in south Florida. Today, this social work program is recognized as an important participant in the University’s scholarly community.

THE MISSION OF THE SCHOOL OF SOCIAL WORK

The mission of the Barry University School of Social Work is framed by the core values, ethics, and commitments of the social work profession and Barry University mission. Within a culturally diverse framework, the School of Social Work is committed to educating social workers for professional social work practice that is informed by context and characterized by competence, skills of leadership, quality, the quest for social and economic justice in local and global communities and dedication to continuous professional growth and development.
THE MISSION OF THE MSW PROGRAM

Within the context of the Barry University School of Social Work mission, the MSW program is committed to educating advanced clinical practitioners within a trauma-informed, resiliency framework. The MSW Program is committed to advancing students as local and global leaders and advocates for social and economic justice with emphasis on academic excellence, cultural diversity, ethical practice and community engagement.

LIFE EXPERIENCE CREDITS

In keeping with CSWE standards, the School of Social Work cannot grant academic credit for life experience or previous work experience, in whole or in part, in lieu of the field internship or any courses in the curriculum.
GENERAL PROCEDURES

REGISTRATION
The School attempts to register students early enough that they can plan for the investment of time and money that is required to pursue graduate social work education. The MSW Program curriculum is organized around the status of a student’s admission (part time/full time - 63 credit or 32 credit), the semester the student is admitted (fall, spring, summer), and the matriculation requirements of the School.

ACADEMIC DEGREE PLAN
- The School’s Master Degree Course Plan guides the matriculation of students and represents the curricular structure of the school’s accelerated program.
- It offers a year-round, highly concentrated plan of study that prescribes the order that courses are offered each semester.
- The individualized course plans are developed by the Director of the MSW Program and Student Services prior to registration. They are formulated in the School of Social Work on-line records systems and can be retrieved by the student at anytime.
- Course plans and student’s financial status must be reviewed at the time of registration.
- Students are required to follow the Master Degree Course Plan and any variation of this plan requires an Exception to Policy.
- The Exception to Policy must be completed by the student, submitted to his/her Academic Advisor/Faculty Mentor and approved by the Director of the MSW Program and Student Services.

REGISTRATION PROCEDURE
Online registration for new students is made available prior to the start of the enrolled semester. Late registration for all new students is conducted immediately following new student orientation. Online registration is scheduled in advance of the enrolling semester. Continuing students, (students who are already enrolled in the program) register in the fall semester for the spring semester and register in the spring semester, for the summer and fall semesters.

To register, students currently enrolled in the MSW Program must:

1. Schedule an appointment with assigned Academic Advisor/Faculty Mentor prior to registration to review and modify, if necessary, the student’s course plan. Students are not able to register online without the online pre-registration approval of the Academic Advisor/Faculty Mentor.

2. If the student course plan requires a modification that varies from the Master Degree Plan, the student must, along with his/her Academic Advisor/Faculty Mentor, complete an “Exception to Policy” form. This Exception to Policy must be approved by the Director of the MSW Program and Student Services prior to the student registering for any class. A new, revised course plan must be uploaded into SSW Online Records.
3. The student may then register online for courses. The Academic Advisor/Mentor may also “express register” a student immediately if there are no holds on the student’s account.

4. Credit for field education courses is granted only upon the successful completion of all Field Education course requirements and demonstrated achievement of the educational objectives.

5. Class sections will be closed based on enrollment count. As class sections reach enrollment count, the section will be automatically closed. Students will then be enrolled in the next class section of that course.

Note: Students will not be able to register if the following issues exist:

- If the student owes more than $20.00 in fees
- If there are any restrictions or “holds” on your account
- If the student has not updated their Student Profile on WebAdvisor

Please note: If the student’s degree plan has been altered due to transfer credits, waived credits, or due to previous decisions made by the student, please contact the Director of the MSW Program and Student Services.

- Every attempt is made by the School to enroll students in preferred course sections. We encourage students to register as far enough in advance as possible to facilitate the timely scheduling of work, family, or other commitments. It is therefore extremely important that students note the registration periods in the School of Social Work academic calendar, and that students register during those time frames. When this is not possible, please consult with your Academic Advisor/Mentor.
TUITION, FEES AND FINANCIAL AID

FINANCIAL AID PROBATION DUE TO LOW GPA
Barry University, in compliance with 2011 changed federal regulations, has established the following standards of academic progress (SAP) that must be met to receive federal financial aid. To maintain financial aid eligibility, a student must be making satisfactory progress towards a degree. Satisfactory progress is determined in both a qualitative and a pace measurement.

**Qualitative component: (cumulative grade point average)**

All Barry University students must meet and maintain the cumulative grade point average (GPA) required by the university for continued eligibility to enroll and graduate.

Graduate and doctoral students must complete their degree program within seven years from the time they are admitted to their respective graduate degree program. All periods of enrollment must be considered. Once the maximum time frame has been reached, the student will no longer be eligible for financial aid.

**Understanding Satisfactory Progress:**

**Attempted Credit Hours**
Attempted credit hours are credit hours enrolled after the end of the add/drop period. Credit hours dropped during the add/drop period are not included in calculating the attempted hours.

**Incomplete Grades, Missing Grades, Withdrawals**
Incomplete grades, missing grades, failing grades and withdrawals after the add/drop period are considered as not earned credit hours in calculating the number of credit hours completed.

**Transfer Credit Hours**
Transfer credit hours do not count toward making up shortages in earned credit hours for the completion ratio.

**Satisfactory Academic Progress Review**
The Financial Aid Office will review satisfactory academic progress for financial aid recipients at the end of each semester. This policy is applicable to all undergraduate, graduate and doctoral students receiving federal financial aid.

If a student is not making satisfactory academic progress at the end of a semester, the student will be notified in writing and placed on financial aid warning for one semester. Federal aid will be disbursed for the following semester, but at the end of that semester, the Financial Aid Office would...
will review the student academic record and termination actions will be taken if satisfactory academic progress has not been met. If federal student aid is terminated, notification will be sent concerning the appeal process.

**Warning Status**
The first time a student does not meet the required completion or cumulative grade point average, the student will be placed on financial aid warning. The student will retain federal financial aid eligibility.

**Termination Status**
The student will not be eligible to receive any federal or institutional financial aid, even if the student is permitted to continue enrollment at Barry University.

**Regaining Eligibility After Financial Aid Termination**
Please note that a warning status is not subject to appeal. Students who have become ineligible to receive financial aid may appeal the termination status if there is an extenuating circumstance which prevented the student from maintaining the standards of academic progress.

**Appeal Procedure**
If federal student aid is terminated, a student may appeal this decision. The student must complete the Barry University Satisfactory Academic Progress Appeal form with all required documentation.

Submit in writing an explanation of why he/she was unable to meet or maintain the academic progress requirements that describes the illness or emergency explaining its impact on the student's performance.

Submit all documentation that substantiates the student's circumstances, such as a letter from a doctor or copies of medical bills if a student cites medical reasons for not meeting the requirements (i.e. copy of a doctor's statement, hospital bill, bills related to the emergency, police report, divorce documents, obituary/death certificate, etc.).

All appeals should be submitted to the Appeal Committee in the financial aid office, no later than 30 calendar days from notice of student financial aid termination. Decisions are based on the information provided by the student and a review of the student academic record. All decisions made by the appeal committee are final.
ACADEMIC INFORMATION

WITHDRAWAL POLICIES

Withdrawal Policy
Students who withdraw from all courses are considered withdrawn from the University and the MSW Program. Permanent withdrawal is a serious step since re-entry to the Program will require an application for re-admission. Students are encouraged to assess the outcome of fully withdrawing from the University/School and discuss this decision with the Academic Advisor/Mentor or the Program Director, if the Academic Advisor/Mentor is not available. **Students are responsible for completing the Withdrawal form and obtaining all required signatures.** For Miami Shores students, forms are located in the Office of Student Services, Powers Hall Room 128. Palm Beach/Treasure Coast and Fort Myers site students may obtain withdrawal forms from the Administrative Assistants at that site.

University/School Withdrawal
- Matriculating students withdrawing from the University must do so officially by submitting a written notice of withdrawal to the Director of the MSW Program and Student Services.
- The effective date of withdrawal will be the date stated on the Course Withdrawal form
- The withdrawal form must be signed by the student and Academic Advisor/Mentor, and submitted to the Director of the MSW Program and Student Services for review. The form will be forwarded to the Dean of the School of Social Work for final signature, and then to the Office of Financial Aid.
- Students should discuss financial implications of this transaction with their Academic Advisors/Mentor and/or the Director of the MSW Program and Student Services prior to withdrawing
- **Students are responsible for completing all steps to ensure official permanent withdrawal from the School/University. Failure to follow the outlined procedure will result in failure in the course(s)**

Course Withdrawal
- Students withdrawing from courses must do so officially by obtaining the Course Withdrawal Form from either their advisor, the Office of Student Services (Powers Hall, Room 126), the Director of the MSW Program and Student Services, Administrative Assistants at off-sites, or the Office of the Registrar
- The withdrawal form must be signed by the student and Academic Advisor/Mentor, and submitted to the Director of the MSW Program and Student Services for review. The Director of the MSW Program and Student Services submits the signed form to the Operations Manager, who will review and discuss with the student any financial ramifications or liabilities associated with the withdrawal. The form is then sent to the Office of Student Services for uploading and forwarded to the Office of Financial Aid
- **All students are responsible for having a conversation with the Operations Manager to determine financial ramifications. Additionally, students are responsible for**
completing all steps listed above to ensure official course withdrawal. Failure to follow the outlined procedure will result in failure in currently registered course(s).

Students should refer to the Barry University Undergraduate or Graduate catalogue for detailed policy and procedure information regarding the course withdrawal process.

See “Refund Policy” section for details on fee refunds.

Withdrawal from Field Education
Refer to the Field Education Student Manual for further information.

Grading Consequences of Course or Program Withdrawal
When a student withdraws before the last five weeks of a semester a “W” is granted to the designated courses on the student's transcript. If the student withdraws within the last five weeks of the semester an “F” is earned, which is computed in the grade point average.

ACADEMIC LEAVE OF ABSCENCE
A request for a leave of absence may be made when there are temporary changes in life circumstances that prevent the student from successfully performing in the Program. All Leave of Absence requests must receive the final approval of the Program Director.

- The leave request form should indicate the reason for leave and the expected semester/year of return.
- A student who has been on an approved leave of absence may be eligible for continued study within two years of initiating leave.
- Students returning from leave must contact the Program Director prior to registering for the incoming semester.

Readmission Following a Leave of Absence

- Only students in good standing who were granted a Leave of Absence from the graduate program may be considered for re-admission.

- Students who are returning to the program within two years of executing a leave of absence or a voluntary withdrawal may return to the program.

- Returning students must have an interview with the Director of the MSW Program and Student Services before the student may register to continue in the program.

- Students who are returning to the program after two years of absence must complete and submit an “Application for Readmission” form to the School of Social Work, Director of Admissions. The form can be obtained from the Admissions Office at the School of Social Work.
• On an individual basis, applicants may be requested to submit additional information to update the School on their activities, progress, and professional or academic development during their hiatus from graduate study prior to rendering a decision.

• The Director of the MSW Program and Student Services renders a determination and grants the final approval of all readmissions.

*Courses taken more than five years prior to the date of readmission will not be given credit.*
*Students should understand that readmission to the program is not assured.*

**DROPPING OR ADDING A COURSE**

The Registrar’s period of course adjustment is scheduled during the first week of classes and is announced in the University Academic Calendar. If a course is dropped during this period, total refund or credit to the student account will be given as long as the student remains enrolled in at least one other course. If the student is not enrolled in another course, he/she is considered withdrawn from the University, and the refund policy schedule will be applied.

**REFUND POLICY**

No student will receive a refund unless they withdraw officially by completing and submitting the Student Withdrawal and Leave Form. The following policy applies to any withdrawals after the start of classes:

<table>
<thead>
<tr>
<th>Period</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Within the first 2 weeks</td>
<td>80%</td>
</tr>
<tr>
<td>Within the first 3 weeks</td>
<td>60%</td>
</tr>
<tr>
<td>Within the first 4 weeks</td>
<td>40%</td>
</tr>
<tr>
<td>Within the first 5 weeks</td>
<td>20%</td>
</tr>
</tbody>
</table>

If a student withdraws from all of his/her courses, he/she will receive the above percentage of their net tuition. Net tuition is the gross tuition. Awarded Barry Scholarships are not considered in the gross tuition. If a student withdraws from some but not all of his/her courses after the drop/add period, he/she will receive no refund.

Students can drop a course in the first week of classes and receive a partial refund. Courses may only be added if space in the course section is available. If a student withdraws from some, but not all courses, the courses from which they withdraw, will be considered paid if the student received:

• A letter of credit
• A Barry scholarship

For example, a student withdraws from one course and received a letter of credit; the student will not be eligible to receive a refund. A student withdraws from one course and received a Barry Scholarship will not be eligible to receive a refund.

*If the student withdraws from a course(s) after the period of registration and the student remains enrolled in another course(s), the student will not be eligible for any financial refund.*
If you are uncertain how these schedules or policies apply to your particular situation or impact upon the status of any student loans, please consult with the Barry University School of Social Work Manager of Operations or Barry University Financial Aid Office.

**NOTE:**
The School of Social Work does not support students who have not fully met all graduation requirements participating in commencement. If the student does not complete field and coursework by the date listed on the Graduation Application, submission of a new Graduation Application reflecting the correct date of graduation is required by the University. Therefore, if a student does not fully complete required credits prior to commencement ceremony, they will be unable to participate in the commencement ceremony unless given an exception to policy by the Dean of the School of Social Work.

There are several specified graduation posting dates throughout the academic year, including summer. These are listed on the University Academic Calendar; however, official University commencement exercises are held only twice per year, in May and December. The dates are listed on the School and University Academic Calendars. Students who complete courses and/or field work at the end of the summer semester participate in the December Commencement.

**DEAN’S HONOR LIST**

As Dean of the School of Social Work, Dr. Phyllis Scott, wants to recognize *exceptional performance* of our students. Thus, Dr. Scott, has established a “Dean’s Honor List” for Graduate Students. Incomplete - Given only when a small portion of the course work is not completed by the end of the semester for legitimate reasons, and the instructor approves an extension of time to complete assignments. After one year, an "I" grade will become a grade of "F". A “Memo of Incomplete” must be prepared and signed by the instructor and the student specifying the exact nature and due dates for completion of remaining work. All course work must be accomplished by the agreed upon due date. It is the student’s responsibility to arrange with the instructor for satisfactory completion of course requirements within the specified time frames in accord with the “Memo of Incomplete” and in compliance with applicable School of Social Work and University policies. Incomplete (“I”) Grades

- A grade of “I” is granted in cases when a student is unable to complete course requirements in the time allotted due to circumstances beyond their control, and when 75% of the course work has already been completed.
- Courses that are pre-requisites or are co-requisites must be completed prior to a student being able to move forward in their matriculation, and due dates may need to be set as early as the following semester. Students may not register for a subsequent course in a curriculum sequence until the incomplete in the previous course has been rectified.
- Students with an “I” in a foundation course cannot take concentration courses until all foundation courses are fully completed.
- In any case, grades of incomplete cannot extend beyond one calendar year. The student and instructor must agree to a definite plan and time frame for completing course requirements.
- When the student fails to complete an incomplete grade within the specified time frame a grade of “F” (failure) is assigned.
- An (“I”) grade may be used only under the specific limitations outlined above. An (“I”) grade cannot be given in lieu of grade of “C” or an “F”.

Course Repeat Policy

If a student fails a course or wishes to repeat any course in order to improve their grade (and their cumulative GPA) they are eligible to do so at their own expense.

- However, no single course may be attempted more than twice and the student must earn a grade of “B” or better in the repeated course. For Field Education a student must have achieved a grade of “CR” or Credit.
- On a repeated course, withdrawal after the third week of class is considered an attempt.
- A maximum of two courses may be repeated in the 63-credit program. A maximum of one course may be repeated in the Advanced Standing 32-credit program.
- In cases where students experience personal circumstances requiring that they take a leave of absence for a semester or longer they must withdraw from all courses during the leave period.
- In the event of a leave of absence, the course the student has withdrawn from will remain on their official transcripts as a “W”. However, enrollment in these courses will not be considered as an “attempt”.

In the event that a student repeats a course, it is the last grade earned in a course that will stand as the final course grade. It is this final grade that will be used by the University’s Registrar for the purpose of calculating a student’s cumulative GPA. Repeated courses will usually result in extending the length of the student’s education.
Field Education Grading
The Director of the Field Education Department, assigns the final grades for all Field Education courses. The criteria for determination of grades are the sole responsibility of the Director of Field Education. Refer to Field Education Student Manual for further details.

STUDENT EVALUATION OF BUSSW PROCESS

Participation in Barry University School of Social Work Evaluation Process
Throughout their matriculation at the School of Social Work, MSW students will have the opportunity to evaluate course professors at the end of each semester, evaluate academic advisors, evaluate their satisfaction of professional development events, and evaluate their field experience. Students will also have the opportunity to attend Directors Town Hall meetings, may schedule lunch with a Program Director. The Dean of the School of Social Work will also schedule visits with students to discuss their experiences in the program. The School of Social Work welcomes professional comments and recommendations intended to improve their educational experience, and accepts feedback from students both formally (scheduled appointments, letters and e-mails) and informally (suggestion box in Student Riley Center, verbal communication).

ATTENDANCE
Due to the applied nature of social work as a professional discipline, participation and full engagement by students in all class and Field activities (including Field Seminars) is essential. Prompt regular attendance is an expectation. Within the profession of social work, the well-being and, at time, the very lives of clients depend upon the knowledge and preparation of the social work practitioner, as well as his/her timely presence to appointments and timely response to the needs of clients. Not attending classes or Field placement or being tardy for class and/or Field placement seriously compromises the student’s ability to be fully prepared to meet his/her obligations and responsibilities as a professional social worker. Consequently, in the School of Social Work, prompt attendance to all scheduled class sessions and full compliance to one’s internship schedule is required. Failure to comply with this requirement contradicts the ethical principles that reflect the profession’s core values and the School’s Core Performance Standards and may impact the student’s overall grade in the class and/or Field.

Thus, the official attendance policy is as follows:
Prompt and regular attendance to all scheduled class and field sessions is required of all students. In addition, late arrival, early departure or being absent from a course (Including internships) exceeding 30 minutes or more will count as an absence. More than two (2) absences within a semester will result In an automatic assignment of a grade of “F” for the course.

Hurricane or Other Natural Disasters
In the event of a hurricane or other natural disaster the School of Social Work will adhere to the opening and closing schedule determined by the University. If such an event occurs, students are
asked to refer to local radio and television community safety alerts and instructions as their primary source of information. If communications systems remain operable, School schedule instructions will be recorded for students on the voicemail of the School of Social Work main number 305-899-3900. When unanticipated events occur and the University is officially closed, opportunities for students to fulfill all outstanding course requirements will be provided.

**DRESS CODE**
School of Social Work students contribute to the profession’s culture and reputation in the way they present themselves. A professional appearance is essential to a favorable impression with clients, field educators, colleagues and agency employers. Graduate social work students are expected to come to school and internship in business casual attire.

**ACADEMIC MENTORSHIP & ADVISEMENT**
Every student actively enrolled in the MSW Program will be advised by a faculty advisor/mentor. Students, however, are required to make their own academic decisions with the understanding that some decisions may result in not completing the program in the time indicated in the School’s Master Degree Plan.

The Faculty Advisor/Mentor will be assigned to all students at orientation by the Director of the MSW Program and Student Services.

**Field Advising**
Additional information regarding the role and function of the Field Advisor can be found in the Field Education Student Manual.

*IT IS THE STUDENT’S RESPONSIBILITY TO INFORM AND CONSULT WITH THE FIELD ADVISOR ON ANY PROBLEMS OR ISSUES WHICH IMPACT THE FIELD INTERNSHIP.*
GUIDING PRINCIPLES

Barry University seeks to create and maintain an atmosphere of mutual respect, accessibility and acceptance among all who attend or work here. Faculty, staff, and students all play an important role in the process.

CORE PERFORMANCE STANDARDS

Each student is required to sign the School of Social Work Core Performance Standards agreement as a prerequisite to admissions to the school and enrolling in field education courses. Students receive the Core Performance Standard Agreement upon verification of enrollment. The student’s electronic signature acknowledges the student has received, read, and agrees to uphold the professional development standards set forth in the agreement while in the classroom, at his/her field placements, on campus, and all other settings where the student is assuming the role of a Barry University School of Social Work student and/or acting on behalf of the School of Social Work.

Violations of core performance standards observed outside of the classroom and field must be brought to the attention of the Director of the MSW Program and Student Services by the observer.

It is not unusual for a student to violate one or more of the core performance standards during matriculation. While failure to comply with one or more of the core performance standards is a serious matter, it offers the school and the student an opportunity to enhance the student’s professional development. This opportunity is not punishment for the exhibited behavior, rather an alert of a behavioral incident that needs to be explored and monitored with guidance to ensure a student is professionally prepared to assume the role of a competent social worker. The cooperation of the student is imperative to obtain maximum results of this professional intervention.

If a student receives more than one evaluation form, a consultation with the student’s Academic Advisor/Mentor and the Director of the MSW Program and Student Services is required. The Director of the MSW Program and Student Services reserves the right to make a determination regarding actions to be taken. Actions may include the development of a corrective action plan, withdrawal from the program or recommendation to be terminated from the program.

Serious or persistent violation of core performance standards may result in the student’s suspension or termination from the MSW Program. For more information about the application of core performance standards please consult with your Academic/Field Advisor.

*Failure to meet the academic or core performance standards requirements of professional behaviors as set forth in the student’s handbook may render the student ineligible from continued matriculation and/or from graduating the School of Social Work.*
GRIEVANCE PROCEDURES
Barry University School of Social Work acknowledges its commitment to hear complaints and seek to resolve such complaints promptly and effectively. All students of Barry University School of Social Work, regardless of location, are entitled to access the grievance process after informal procedures have been attempted and the issue is still unresolved.

Complaints are distinguished by three levels:

1. **General complaints**
   - Defined as an assessment of dissatisfaction or a complaint facilitated by the student.
2. **Grades**
   - Defined as being initiated when a student believes a grade assignment does not reflect accurately his/her academic performance.
3. **Termination**
   - When a student is terminated from the School of Social Work because they are not making satisfactory progress towards completion of their degree (BSW or MSW) as outlined in the School’s guidelines, which may include both academic and professional performances, a student may request a termination appeal process.

**PURPOSE:** To maintain a confidential, safe environment; maintain access and equity in decision making; ensure due process; provide a reliable and documented means of open communication, and to meet regulatory mandates effecting the School of Social Work and the University.

**PROCEDURE:** Students should first address the situation with the individual(s) and/or instructor in an attempt to resolve the issue within ten (10) days of its origin. The student may consult with his/her faculty mentor for assistance with the identified concern. If the identified concern is not resolved, the student may schedule a consultation with the Director of the MSW Program and Student Services. Within five (5) days of the consultation, the Program Director shall provide a summary of the discussion and recommendations to resolve the identified concern presented by the student. This communication may be facilitated through an e-mail, and/or by certified mail. The Director of the MSW Program and Student Services will advise the student of the procedure to further his/her appeal to the Dean of the School of Social Work. Such an appeal requires a written letter of appeal from the student to the Dean. The Dean will acknowledge all letters
of appeal via a scheduled conference with the student. All interactions addressing these areas of concern must be documented in the student’s School of Social Work on-line records.

For further information on the School of Social Work’s grievance procedure and forms, please see the Student Repository on CANVAS.

ACADEMIC INTEGRITY AND PLAGIARISM
Fundamental to academic integrity are the values and ethical conduct standards embraced by the National Association of Social Workers Professional Code of Ethics and the social work profession. Students of the Barry University School of Social Work are expected to adhere to the standards of professional ethics as defined in the NASW Code of Ethics and the School of Social Work Core Performance Standards for Admission, Matriculation, and Graduation. Specifically, students are expected to refrain from all forms of cheating, plagiarism, collusion, and acts of deception. Cheating is defined as the attempt, successful or not, to give or obtain aid and/or information by illicit means in meeting any academic requirements, including examinations. Cheating includes falsifying reports and documents and collusion. Collusion is defined as knowingly and intentionally assists another in performing any acts of cheating.

Plagiarism is defined as the use, without proper acknowledgement, of the ideas, phrases, sentences, or larger units of discourse from another writer or speaker. Plagiarism includes the unauthorized copying of software and the violation of copyright laws. All forms of cheating, plagiarism, and collusion represent a violation of the NASW Code of Ethics and the School’s Core Performance Standards. The extent to which these standards are breached due to cheating, plagiarism and/or collusion may result in a failing grade for the assignment, a failing grade of the course, and/or suspension or termination from the Program by the Dean of the School. Students suspended or terminated from the program may appeal said suspension or termination to the Provost of the University.

ALL HANDS IN PROFESSIONAL SUPPORT
Barry University School of Social Work prides itself in preparing our students for professional social work practice from the moment they arrive on Orientation Day until long after you graduate. Our academic and field offerings provide you with a foundation of excellence and provide the required educational background for clinical social work licensure in the state of Florida, known for its rigorous clinical education requirements.

Once you graduate from the School, we continue to have a strong relationship with our alumni. We provide you with the following resources to continue your professional growth after graduation.

CONTINUING EDUCATION
Established in 2016, The Center for Human Rights and Social Justice offers diverse educational programming that is available to support the professional development of our students and alumni. Students have access to many of the events and workshops that are facilitated through the center. Information regarding these events can be found on the School of Social Work website.

LICENSING SUPPORT
The MSW curriculum provides the opportunity for students to meet the educational qualifications for licensing in the State of Florida as a Clinical Social Worker. Educational requirements can also be met for membership in the National Association of Social Workers' Academy of Certified Social Workers. The curriculum also includes courses that facilitate membership in the American Association of Marriage and Family Therapy. To familiarize our students with the licensure process, we offer a Licensure Seminar to students during the semester prior to their graduation.
from the School. The Seminar is conducted by faculty, and geared to “demystify” the requirements of licensure and help students set a clear path toward fulfilling the state’s licensure requirements. Please note: Information provided at licensure workshops are directly taken from Florida Statutes Chapter 491 and Rule 64B4. Requirements from specific state boards across the United States, and other countries may differ. Therefore, it is important that students are fully informed on the individual requirements for licensure within their specific state or country of interest. You may access this information through the Association of Social Work Board (ASWB) website. The link is https://www.aswb.org/licensees/about-licensing-and-regulation/social-work-regulation/

Although in our over 50 years of existence, we have never been informed that our alumni have had any difficulty meeting other state licensing requirements because of the curriculum content, it is important that students be fully aware that each state’s or country’s licensure requirements are individualized. Therefore, Barry University School of Social Work cannot guarantee that our MSW curriculum may fulfill all requirements in the state or country you plan to practice. It is the responsibility of the student to seek guidance from the applicable social work board so as to be fully informed regarding your individual licensure requirements.

SCHOOL OF SOCIAL WORK FELLOWSHIP FUND
The Fellowship Grant is designed to assist talented graduate and undergraduate Barry University School of Social Work students by underwriting educational enrichment opportunities that would provide students with curriculum-related experiences within the university, local and global communities. It will also endorse opportunities for students to actively promote social justice through community practice experiences. Such experiences would extend the application and development of skills beyond those generally interpreted as clinical practice in the social work profession, and challenge students to intentionally advance their advocacy and leadership skills.

The intent of the fellowship is to encourage students to excel in the areas of scholarship, advocacy, research, and continuous professional development. Highlighted is the development and application of critical leadership skills in a manner that effectively influence local, national, and international communities and furthers the mission of the University. It is expected that this fellowship would deepen the student’s long-term commitment to the University. Copies of the application can be found in Appendix E and on the Student Repository in Canvas.
ALUMNI INVOLVEMENT

Barry's School of Social Work alumni sponsor a variety of activities and initiatives which are announced in the School’s website and newsletter, Social Work Compass. In addition to the Annual Conference mentioned above, alumni sponsor activities that promote professional development and networking, and engage in social action and advocacy initiatives to empower the profession and its clients. NASW CODE OF ETHICS
Code of Ethics of the National Association of Social Workers
Approved by the 1996 NASW Delegate Assembly and revised by the 1999 NASW Delegate Assembly

Preamble

The primary mission of the social work profession is to enhance human well-being and help meet the basic human needs of all people, with particular attention to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty. A historic and defining feature of social work is the profession’s focus on individual well-being in a social context and the well-being of society. Fundamental to social work is attention to the environmental forces that create, contribute to, and address problems in living.

Social workers promote social justice and social change with and on behalf of clients. "Clients” is used inclusively to refer to individuals, families, groups, organizations, and communities. Social workers are sensitive to cultural and ethnic diversity and strive to end discrimination, oppression, poverty, and other forms of social injustice. These activities may be in the form of direct practice, community organizing, supervision, consultation, administration, advocacy, social and political action, policy development and implementation, education, and research and evaluation. Social workers seek to enhance the capacity of people to address their own needs. Social workers also seek to promote the responsiveness of organizations, communities, and other social institutions to individuals’ needs and social problems.

The mission of the social work profession is rooted in a set of core values. These core values, embraced by social workers throughout the profession’s history, are the foundation of social work’s unique purpose and perspective:

- service
- social justice
- dignity and worth of the person
- importance of human relationships
- integrity
- competence.

Social workers continually strive to increase their professional knowledge and skills and to apply them in practice. Social workers should aspire to contribute to the knowledge base of the profession.
